

MYOB EXO PC CLOCK

FACT SHEET

Track your employee's time and attendance the easy way.

PC Clock can be used by staff at remote branches or within separate departments. Staff can easily record their start and finish times within MYOB EXO PC Clock.

HARNESS THE POWER OF YOUR PAYROLL

MYOB EXO PC Clock integrates with MYOB EXO Time and Attendance so the captured data can be automatically used to calculate hours worked, overtime, statutory days and allowances. There are no manual calculations and data is transferred directly to MYOB EXO Payroll. It's that easy.

INFORMATION AT YOUR FINGERTIPS

MYOB EXO PC Clock tracks the actual time spent by cost centre and imports pay-period files from different sites simultaneously. Pay information can also be checked by supervisors on site.

A range of reports are available, so you can review captured clocking times before they are posted to MYOB EXO Time and Attendance.

EXTENSIVE, ESTABLISHED PARTNER NETWORK

The EXO Suite of products are implemented and supported by our expert MYOB Partner Network across Australia and New Zealand. We provide educated advice regarding the entire range of MYOB Enterprise Solutions and work with you to design a solution that meets the unique needs of your business.

AN INTEGRATED BUSINESS SOLUTION FROM MYOB
